CHURCHES FAILING TO DO THEIR DUTY

Great Growth of Social Evil.

LOW WAGES NOT REAL CAUSE OPPOSITION

Calling Ministers to the Work.

[Special to The Times-Dispatch.] New York, March 14 .- The downfall of many women, particularly girls of ender age, is ascribed in a letter just sent out to ministers, priests and rabbis by Dr. John R. Peters, chairman of the ommittee of fourteen, to the failure of the churches to "inculcate proper moral precepts and to provide home raining."

Dr. Peters's letter calls on those at the head of the city's churches to stir the parents of young women to the vital need of good home training and to bestir themselves personally and actively in the propagation of this method of preventing viciousness among girls. "Keep your girl parishioners off the

streets, day and night, and see that

heir parents understand the necessity of supplying sound and interesting home conditions," is the tenor of Dr. Peters's admonitions to the ministry. The view of the committee of four-teen, which has studied the social evil for many years, is that low wages do not send young women into lives of bondage and shame. While low wages do work against future generations

home influences. This view is thoroughly in accord with that expressed to-day by Miss Inez Milholland, who has made a study of wage conditions, and by Miss Kathat present 212 inmates.

Walter G. Hooke, executive secre-tary of the committee of fourteen, said to-day that the utter failure of the churches of the city to realize their duties to young women and their pa-rents is primarily the cause of most of the city's viciousness

"The church is not doing its duty n training young people in morals," Mr. Hooke said. "To my mind, the Mr. Hooke said. church is absolutely negligent in the moral training of the young. We shall have crime waves and investigations

TARIFF DUTIES WILL BE REMOVED

To Lack of Teaching Is Due Boots, Shoes and Wood Pulp to Be Allowed Free Entry to Country.

Dr. Peters Sends Out Letter Great Pressure Brought to Bear on Ways and Means

Committee.

[Special to The Times-Dispatch.] Washington, March 14.—The tariff duties on boots, shoes and on wood pulp, used in the making of print paper, are to be removed under the new tariff law as prepared by the Ways and Means Committee.

Free hoots and shoes were decided.

Free boots and shoes was decided on by the committee as a direct effort to break the control of the alleged shoe machinery trust, which the Supreme Court has held was legal under the patent laws. Free wood pulp is given to meet the needs of the publishers who must turn to Canada or to Norway and Sweden to secure their sup-ply of print paper to escape the evac-

tions of the paper trust.

Representatives of both the paper trust and the shoe machinery trust have been working in Washington for more than a month to prevent the placing of wood pulp and boots and shoes on the free list. The wood pulp men used the argument that the defeat of reciprocity with Canada was becaus of opposition to the free trading of wood pulp and print paper. The votof the Ways and Means Committee for free wood pulp is considered by some members of Congress as another move to reopen the subject of general re-ciprocity with Canada.

Representatives of the New Eng-land boot and shoe manufacturers contend that free boots and shoes will consumers, but will necessitate a lowering in the wage scale of workers in the factories because of competition with foreign manufacturers. They point to the results following the re-moval of all duties from hides. Since that law was passed, undressed leather has advanced 30 per cent, showing control of this branch of the leather industry by the leather trust.

The shoe machinery trust, while it does not control the shoe machinery in foreign countries, has a heavy foreign business, and is underselling foreign shoe machinery in foreign coun-

tries.

[Special to The Times-Dispatch.]
Lexington, Va. March 14.—Among the troops at the inauguration hardly any single body received more enthusiastic applause than the cadets of the Virginia Military Institute. In spite of the fact that they were assigned to a very inconspicuous position in the parade, and also that they had stood in line for hours before actually entering the parade, the showing made can well be compared with that of the United States Military Academy and of the United States Naval Academy. As they swept down Pennsylvania Avenue to the tune of "Dixip." heads erect and in perfect alignment, the crowd cheered them with the great est enthusiasm. From no troops in the parade did the President receive a snappler salute, nor with no troops was he more pleased than with this splens of the authorities, but none has been more state.

Since the parade many letters of congratulation have been received by it the authorities, but none has been more appreciated than have been received yet in the grand marshal, Major General Leonard Wood, chief of staff.
